

Your monthly CPD is now available

The new issue of your monthly CPD is now available. You can view the material and take the monthly assessment by logging in and clicking on the "My Training" link.

The July edition of our online CPD update service is now live, featuring 30 concise articles across compliance, pensions, protection, mortgages, taxation, investments, and more. This monthly summary keeps you informed of the latest developments from across the financial services sector.

After reading the articles, you can complete the online assessment to test your understanding. A pass mark of 50% is required, with a 90% merit level. Once completed, your CPD certificate is automatically updated with your score and 1.5 hours of accredited CPD time.

We've created 30 articles and updates this month, including:

- FCA widens misconduct rules to cover bullying in non-banking firms
- Inflation, interest rates, and UK economic contraction
- Mortgage market recovery and consumer support proposals
- Pension surplus reform and government asset allocation plans
- Salary sacrifice under review
- Critical illness failures and CPD rule changes in insurance
- Modernising wills and rethinking non-dom taxation
